

Eric Sine

Eric Sine serves as Metro Wire and Cable's Purchasing Manager. Based out of Corporate Headquarters in Sterling Heights, Michigan, Eric has nearly 30 years of purchasing experience.

Upon high school graduation, Eric served in the United States Marine Corps. Stationed in South Carolina, Eric received a "world class education" from the Marines, much of which he credits for his current day successes.

Upon being honorably discharged, Eric was hired in the telecommunications industry and acted as Purchasing Manager for a large commercial and industrial service corporation in the Metro Detroit area. "The experiences I gained in the Marines really allowed me to hit the ground running. This was one training aspect, but acting as a Purchasing Manager for such a large service provider provided a unique and totally different training," states Eric.

After many years within the role, Eric decided to pursue new challenges and assumed the role as Purchasing Manager at Metro Wire. Overseeing the day-to-day aspects of Metro Wire's inventory, Eric is proudest of the strong vendor relationships and the large variety of manufacturers Metro has grown to partner with. "Coordinating the purchase of high quality products at a competitive price has always been my goal, and I am proud to achieve that every day," stated Eric.

In addition to the coordination of capital expenditures, day-to-day inventory buying, and project purchases, Eric also oversees Metro's freight expediting department.

"It truly is an honor to work for Metro," states Eric. "I really enjoy the comradery we have within the office."

An avid outdoorsman, golfer and bowler, Eric lives in the Northern Detroit Suburbs.

Eric can be reached at 1-586-264-3050 or ericsine@metrowire.net.
