

FOR IMMEDIATE RELEASE

### **Metro Wire and Cable, Corp. Achieves PCI Credit Card Compliance**

Customers can rest easy when it comes to giving financial information, such as credit card account and billing information to Metro Wire and Cable, Corp. Metro Wire has achieved Payment Card Industry Data Security Standard (PCI DSS) distinction for 2015 for all locations and merchant transactions.

"We have never stored or documented credit card information given to us by our customers, and this level of distinction further proves that we are above the bar with our credit card processing procedures," stated Susan Wesley, Corporate Controller.

What credit card paying customers should expect from Metro Wire is an employee asking at the time of order for key information such as credit card numbers and billing address data to process the order. Upon completion of the order, the information initially stored will be destroyed and will need to be requested again for future orders. Accepting payments from Visa, MasterCard, American Express and Discover, Metro Wire can process your transactions quickly to ensure on-time delivery of the correct material you need to complete your project.

With locations in Michigan, Georgia, and Iowa, MWC specializes in working alongside public utilities, electrical contractors, wind-farm developers, commercial and industrial HVAC industries, traffic signal and airport lighting contractors, Original Equipment Manufacturers (OEM's) and the security industry. Metro Wire & Cable provides value added handling, warehousing, supply chain, and delivery services of wire and cable products for this broad spectrum of markets.

### **About Metro Wire & Cable**

Metro Wire & Cable, one of the Nation's top two-hundred electrical distributors, provides warehousing, supply chain, and delivery services of wire and cable products for a broad spectrum of markets. These markets include public utilities, electrical contractors, wind farm developers, commercial and industrial HVAC industries, traffic signal and airport lighting contractors, Original Equipment Manufacturers (OEM's) and the security industry. Metro Wire, founded in Detroit, Michigan in 1976, established its Southeast Regional Distribution Center in Atlanta, Georgia in 1981, and it's Midwest Regional Distribution Center in Iowa City, Iowa in 2008. The company, now headquartered in Sterling Heights, Michigan, maintains extensive inventories tailored specifically to customer requirements at each location.
